DETAILED ACTION

The after Final amendment canceling Claims 12-14 and 16 has been entered.

Allowable Subject Matter

Claims 1-11 and 15 are allowed.

The closest prior art known to the Examiner is cited on the PTO892 of record. As indicated in the previous Office action, Claims 1-11 and 15 are allowed over the cited prior art, as the cited prior art does not disclose or suggest introducing a gas comprised of a *linear* fluoroalkane having four or more carbon atoms to a chamber, introducing a suitable dopant source gas for providing the dielectric material with thermochemical stability; and depositing a doped fluorinated carbon film onto the substrate as required by the afore mentioned claims. Therefore, the present Claims are allowable over the cited prior art.
